Embracing the Serenity of Winter

Fabrizia Pons has always been drawn to the tranquility and serenity that winter brings. Growing up in a small mountain village, she developed a deep appreciation for the beauty of snow-covered landscapes and the unique experiences that come with it.

With her camera always in hand, Fabrizia ventured into the wild, capturing the essence of winter in her photographs. Through her lens, she freezes the fleeting moments of snowflakes gently falling on branches, animals gracefully maneuvering through the snow, and the mesmerizing play of light on frozen lakes.

Unveiling Hidden Gems

Fabrizia's passion for winter extends beyond photography. She is an avid explorer, continuously seeking out hidden gems in the winter wonderlands. From remote mountain cabins to frozen waterfalls, she uncovers the secrets and surprises nestled within the snow-covered landscapes.

One of her most unforgettable adventures took her deep into the heart of the Northern Alps. Exploring untouched wilderness, she stumbled upon a frozen lake that seemed like something out of a fairy tale. The frozen lake's glass-like surface reflected the surrounding mountains, creating a surreal and breathtaking scene.

Chasing the Northern Lights

Winter evenings hold another awe-inspiring spectacle that Fabrizia eagerly chases – the Northern Lights. With her camera and a warm thermos of hot tea by her side, she embarks on arctic adventures to capture the vibrant dance of the Aurora Borealis.

She recounts one particular night when the sky exploded with streaks of green, purple, and blue. As she stood beneath the shimmering lights, she couldn't help but feel connected to the wonders of the universe. The Northern Lights became a muse, inspiring her to capture their beauty and share it with the world.

A Winter Wonderland on Her Doorstep

While Fabrizia has traveled far and wide in search of enchanting winter landscapes, she believes that one doesn't need to venture too far to experience the magic. Sometimes, the most captivating winter scenes can be found right on your doorstep.

She encourages everyone to embrace the season and explore their own local winter wonderlands. Whether it's an afternoon stroll through a snowy park or a fun sledding adventure with loved ones, there's always something magical waiting to be discovered.

Preserving the Winter Wonder

As a passionate advocate for nature, Fabrizia emphasizes the importance of preserving these winter wonders for future generations. She works closely with environmental organizations to raise awareness about climate change and its impact on winter landscapes.

There are few co-drivers that transcend and achieve the fame of a driver but Fabrizia Pons is one of them. A native of Turin, Italy, she is perhaps the most successful woman ever to sit in a World Rally Championship car, and one of only two people ever to score World Rally Championship points as both driver and co-driver. Best known for her partnership with French star, Michèle Mouton, Fabrizia guided the pair to the first WRC win by a female team, at San Remo in 1981. That record is still up for grabs some 40 years later and equally, Fabrizia Pons is still in the co-driver's seat. Gone is the front line competition and back is a career in the historic rallies with 'Lucky' - the same driver she was with when she came

to international attention in 1979 and 1980. Over a hundred pages, Fabrizia Pons and Alexandru Dobai rhapsodize about the old days and a fascinating story.
