But little did they know, their extraordinary adventure was about to take a spine-tingling twist that would change the course of history forever.

## **Ancient Footsteps Unearthed**

After hours of intense exploration, the cave divers stumbled upon an unexpected sight. In a cavern bathed in darkness, they discovered a previously unknown chamber - a haven untouched by human contact for millennia. As they scanned the area with their torches, their eyes landed on an extraordinary silhouette.

There he was, the 10,000-year-old man, partially preserved by the unique geological conditions of the cave. His body, frozen in time, held secrets of a bygone era. The excitement among the divers was palpable as they realized the magnitude of their discovery.

The team of researchers and archeologists were immediately called in to analyze this extraordinary find. The ancient man's remains provided remarkable insights into the lives of our ancestors, unraveling mysteries that had long been buried in the sands of time.

## **Unveiling Ancient Secrets**

Through painstaking analysis and advanced scientific techniques, the team discovered that this ancient man was part of a forgotten civilization that roamed America thousands of years ago. His preserved body revealed ingenuity in the design of tools and clothing, shedding light on the technological advancements of this ancient society.

As the research continued, they found detailed cave paintings that depicted captivating scenes of daily life from this lost era. These magnificent artworks revealed a deep connection with nature, with a profound understanding of the celestial world and the movement of the stars.

Further examination of the man's remains provided insight into his health and overall lifestyle, allowing scientists to paint a vivid picture of life in America during this forgotten time.

## **The Legacy Lives On**

The discovery of this 10,000-year-old man has forever changed our understanding of ancient American civilizations. His existence challenges long-held beliefs about the timeline of human settlement in North America and sheds light on the complexity and richness of early human cultures.

Since then, the cave divers have continued their quest, exploring deeper into the cave system, unearthing more hidden secrets that were lost in time. Their commitment to unraveling the mysteries of the past has captivated the world, inspiring a new generation of adventurers and archeologists to continue the pursuit of knowledge.

So if you find yourself enchanted by the allure of the unknown, remember this incredible tale of the cave divers who found America's 10,000-year-old man. Let their journey ignite curiosity within you and propel you to embark on your own

adventure, for there are mysteries waiting to be discovered, just waiting to reveal their secrets.

This is one of the Cave Diving Series of 21 E-book Chapters that Explores the Lure of Underwater Labyrinths.

BOOK 13 FINDING AMERICA'S 10,000 YEAR OLD MAN – Near Little Salt Spring was a famous spa called Warm Mineral Springs. One man discovers indications that this 230 foot deep spring was once a dry cavern and he shows the world evidence with a human skull containing brain tissue that carbon dates to 10,000 years BP!

The author who built his own diving gear out of a World War II gas mask and 50 feet of air hose to explore a shipwreck near Lake Michigan in 1944, and who years later received the prestigious SSI Platinum Pro 5000 certification for

making over 5,000 verified dives, now shows you never seen before sunken caverns once inhabited by Ice Age Man.

“... Those who think that exploring underwater caves is too exotic a pastime to be of much interest will change their minds after reading this work by Burgess... Of special poignancy is the author's recounting of the accidental death of a favorite diving companion. This is an interesting mix of adventure and archaeology that probes one of the earth's last frontiers.”--Publishers Weekly

“...it is easy to see why this book earned a 'Book of the Year' award from Forward Magazine... As a photographer, Burgess is able to add another dimension to this book... Burgess' photos cover many decades and many caves... Overall, the book is a delight, entertaining and an easy read. It's a great vacation book, full of adventure, divided into chapters that can easily stand alone or mesh together... [Burgess] masterfully glides the reader through tales of history that cavers and non-cavers will enjoy.” Susan Brillhart Book Review for IMMERSED, the International Technical Diving Magazine.

Thrilling stuff. Best of all you will live through all of these adventures...and not even get wet! Though you may end up a little breathless.
