GW's August 2017 Alaska Adventure, taken August 16-31, 2017, was without question one of the most magnificent vacations of my entire lifetime. This eBook chronicles that amazing trip, describing all the sights, sounds, and magic of the adventure.

Highlights of my Alaska adventure include hiking in and exploring Denali National Park for 4 days, a day trip to the Arctic Circle, a visit to the famous Chena Hot Springs, sitting on Santa's lap at the North Pole, seeing Wrangell-St. Elias National Park (America's largest), a 5-hour ranger-guided wildlife boat cruise in Seward, and most notably, catching 2 HUGE silver salmon in the Lower Kenai River!

In addition to actually being on the ground in America's magnificent 49th state and seeing the place with my own eyes, the wealth of additional information gathered along the way just further confirmed and validated in my heart and soul, and gave me a real sense of, the TRUE Alaskan pioneer spirit!

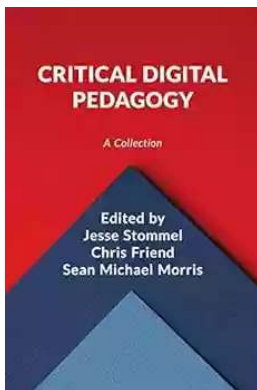

Readers will be treated to 58 photos, and links to the 31 video clips in my Alaska road trip video at YouTube. I sincerely hope you will enjoy reading this documentation of my August 2017 Alaska adventure, and that you will find at least part of it informative or interesting, just as if you were taking the trip with me!
