This design is very attractive and versatile. In fine thread, the lace and insertion will be a very pretty trim for skirts, slips or other similar garments, and a yoke is easily arranged to match. Heavier thread makes a handsome stripe, with lace border, for a bedspread. A scarf or table runner may have the lace and insertion across the ends, or there may be a width of insertion running lengthwise, with lace at each end, or two lengths of insertion with a strip of hemstitched linen between and the border of lace. Originally designed by Jennie Stenfort in 1927.

This is not your usual scanned vintage crochet pattern! To make this pattern great for today's crocheter, I wrote complete instructions and made an easy to follow chart. I changed the and expanded the written instructions so that they'll be easy

to understand, and they now use modern US crochet terms. I added a chart for more advanced crocheters. You'll also have estimated yardage requirements for the thread you choose and measurements for the finished piece of lace.

The only stitches you need to know to complete this lace are: chain stitch, single crochet, double crochet, and slip stitch.
