Why Siamese Cats? They are strikingly beautiful but they are not for everyone. If you have ever been "owned" by a Siamese cat you know they can be bossy, vocal, mischievous, intelligent, and needy. They just want to be with you all the time! They are happy to be in your lap, or sit on your hands as you type on the computer, take up most of your bed at night or sleeping on your head. They announce when it is breakfast time, dinner time and when it is time to go to bed.

This book is a tribute to the wonderful quirky Siamese cat breed, who bring laughter, love and companionship to their human guardians' lives, to the adopters who give them a second chance and to the volunteers who care for them. Tall Tails Siamese Rescue stories span a 15 year period from 1998 to 2013, including over thirty stories of rescued Siamese cats from kittens to Geezers.
