The Lost Found was a world like no other. Stepping inside was like traveling through time and space, surrounded by forgotten dreams and cherished memories. The shelves were lined with ancient artifacts, forgotten toys, love letters, and even lost works of art.

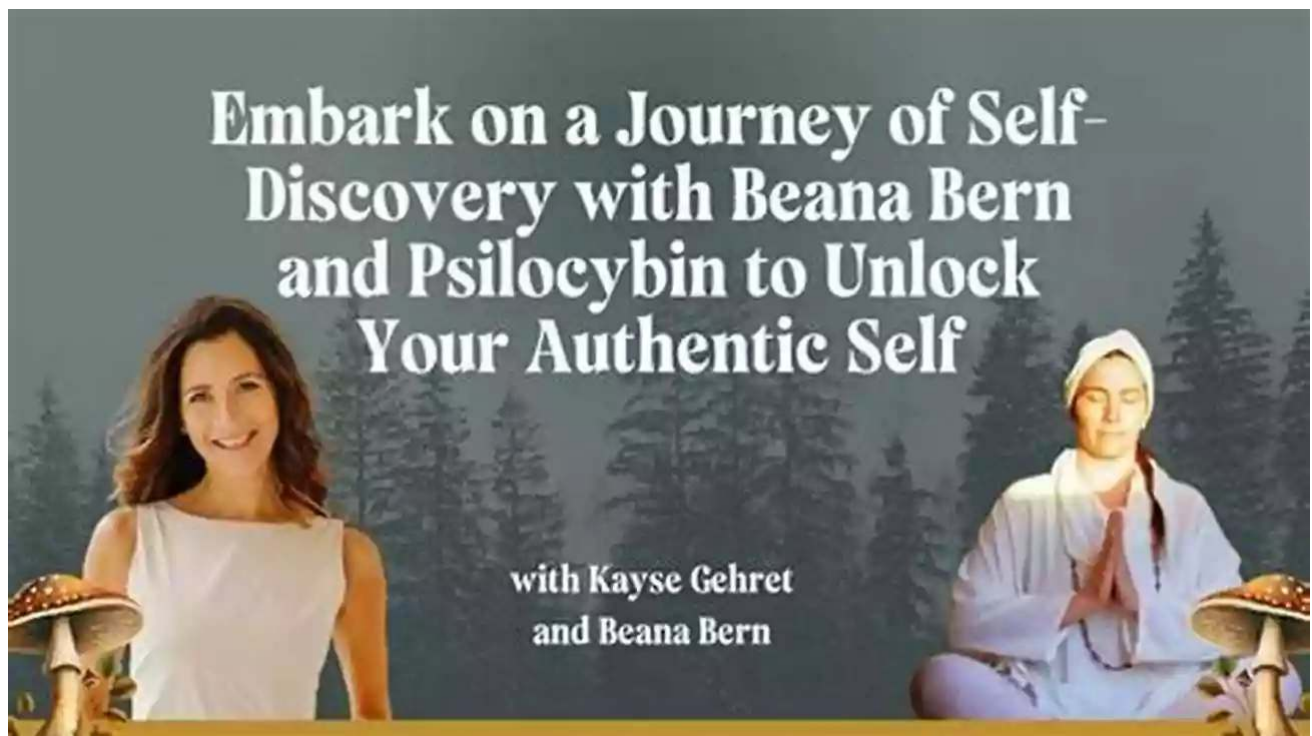

Each item held a story, waiting to be rediscovered. Radu believed that these treasures had stories to tell, whispered secrets of the past longing to be heard

once again. And so, day after day, he tirelessly combed through the Lost Found, in search of these hidden tales.

## **A Chance Encounter**

One fateful day, as Radu was scurrying around the Lost Found, he stumbled upon a tiny silver key. Its intricate design and subtle engravings intrigued him, and he knew that this key held a significant secret.

At the heart of the Lost Found, Radu discovered a hidden door, adorned with intricate carvings that mirrored those on the key. With trembling paws, he turned the key in the lock, and the door creaked open, revealing a magical world beyond anything he could have ever imagined.

Inside the door, Radu found himself in the company of an extraordinary unicorn named Luna. Luna had been trapped in the Lost Found for centuries, waiting for someone with a heart as pure as Radu's to set her free.

### How does the Story Powered Language Learning Method work?

Unlike a Romanian picture dictionary, bilingual Romanian English children's books, or traditional Romanian language books, the Fabulous Lost and Found uses the the 'Story-powered Language Learning Method' taps into a child's natural abilities. There are three steps:

- We create an emotionally engaging and funny story for children and adults to enjoy together, just like any of the other Romanian books for children.

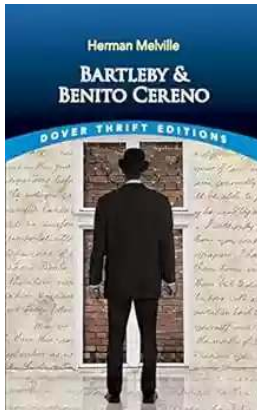

Studies show that social interaction, like enjoying a book together, is critical in language learning.

- Through the story, we introduce a relatable character who speaks only in the new language. This helps build empathy and a positive attitude towards people who speak different languages. These are both important aspects in laying the foundations for lasting language acquisition in a child's life.
- As the story in this Romanian picture book progresses, the child naturally works with the characters to discover the meanings of a wide range of fun new words and phrases. Strategic use of humour ensures that this subconscious learning is rewarded with laughter; the child feels good and the first seeds of a lifelong love of language are sown.

### Message from the Author

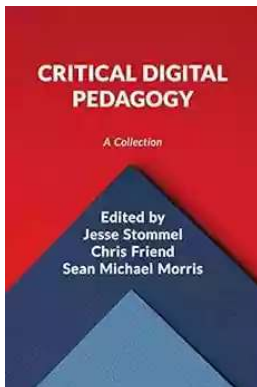

Mark Pallis There is a special magic about learning words another language and using them: I truly think it warms the heart. I've learnt jokes or songs in ten languages so far and it's brought me so much joy. This Romanian book for children is first and foremost a really enjoyable story, but it's also my way of helping little learners engage with a new language, empathise with strangers and ultimately build a love of languages. And it happens without them realising. Any parent who has ever tried to smuggle vegetables into pasta sauce will know that you can get a lot of good stuff into things without kids noticing. This book is the same! I want you all to have fun together and enjoy the story. The learning is a bonus; the icing on the cake or extra veg in the sauce! The idea that after a few reads, kids will be able to go up to a native speaker and tell them in their own language: 'I've lost my hat' fills me with joy. Imagine how proud the child, and you, will feel! I hope you have as much fun reading it as I had writing it. Mark
