Falconry is the sport of taking wild prey in its natural habitat by means of a trained hawk or falcon. His beginner's guide takes you through the process of housing

and training the two most popular birds of prey used in falconry, the Harris Hawk and the Redtail. It gives an easy to understand account of what it takes to succeed. Falconry is a specialized subject, but this book was written for all bird lovers. Described by The Mail On Sunday as: "Informative, captivating and at times utterly fascinating." It is a book that will have you gripped from the start, as the author recounts the time (as a 10 year old) he and his school pals went looking for an escaped Kestrel. That started his passion to fly birds of prey.
