Start your photographic journey by waking up early and heading to Schwabacher Landing. This serene location offers a perfect reflection of the Teton Range on the Snake River. Capture the dramatic sunrise lighting up the snow-capped peaks while enjoying the peaceful surroundings. This spot is accessible for free, allowing you to capture amazing images at no cost.

## **2. Wildlife Photography at Oxbow Bend**

Grand Teton National Park is a haven for wildlife enthusiasts. Oxbow Bend provides an incredible opportunity to capture animals in their natural habitat. Set up your camera and be patient as you wait for moose, elk, or even grizzly bears to make an appearance. Avoid the crowds and take advantage of the free parking available to witness extraordinary wildlife encounters.

## **3. Capture the Iconic Moulton Barn**

The Moulton Barn is one of the most photographed barns in the world, and for good reason. Nestled against the backdrop of the Teton Range, this iconic structure offers countless composition possibilities. While there are several paid photography workshops dedicated to this location, you can opt for the dirt cheap option and explore it on your own. Wake up early to avoid crowds and capture stunning images of this famous landmark.

#### **4. Hike to Hidden Falls**

If you're up for a small adventure, hike to Hidden Falls in Cascade Canyon. This hidden gem rewards photographers with breathtaking landscapes, pristine waterfalls, and awe-inspiring rock formations. The trail is free to access, making it an excellent choice for budget-conscious photographers looking to capture unique compositions.

## **5. Sunset at Snake River Overlook**

No trip to Grand Teton National Park is complete without capturing the famous Snake River Overlook made famous by Ansel Adams. Arrive a couple of hours before sunset to secure a spot and witness the magical lighting as it illuminates the winding river and mountain ranges. This vantage point offers breathtaking panoramic views and is free for all visitors.

## **6. Astrophotography at Jackson Lake**

Grand Teton National Park is renowned for its dark night skies, ideal for astrophotography enthusiasts. Jackson Lake provides a stunning foreground for capturing the Milky Way and countless stars above. Camp overnight for an immersive experience or simply visit during the evening to photograph the mesmerizing night sky.

## **7. Jenny Lake Scenic Drive**

Take a leisurely drive around Jenny Lake and be prepared to stop at various viewpoints along the way. This scenic drive offers spectacular vistas of the Teton Range, the shimmering lake, and picturesque landscapes. With no entrance fee, you can explore and photograph to your heart's content, capturing moments that will be cherished forever.

Remember to do thorough research, prepare your equipment, and pack essential supplies before embarking on your journey to Grand Teton National Park. With this dirt cheap photo guide, you can capture exceptional images while creating unforgettable memories, all without breaking the bank.

The Dirt Cheap Photo Guide to Grand Teton National Park is written for three distinct travelers: the photo enthusiast, the family photographer and the travel fan. In twelve chapters, pro photographer Jeff Clow takes the readers on a guided tour of the park with specific driving instructions as to where to find the best photo spots at the best times. Both famous and lesser known landscape locations are highlighted. If you have one morning or a week in the park, the book tells you how to use your morning and evening light most effectively.

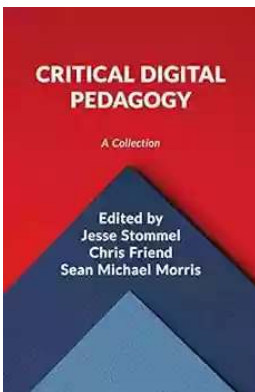

The book also includes dozens of photos of the various locales showing some of the composition options that a photographer should consider.

Jeff Clow has been leading photo tours to the area for several years and shares all the location and shooting secrets that have taken him a decade to discover. It is written with a easy going style and gives insight into each photo locale. It also is filled with landscape and wildlife photo tips. The text includes recommended shooting times and will help any visitor with a camera make the most out of their trip to the Tetons.
