Chance with an Asian Billionaire

Cassidy hadn't thought that her life would turn out like it had. At one time she had been married and she had a perfect life. But everything changed when her husband divorced her and took everything from her. Her perfect world came crashing down and without a penny to her name, Cassidy had to figure out a way to support her and her son.

She found a job working for a wealthy business man in the city. William was handsome and though she was just getting over her divorce, Cassy couldn't help but wonder what would have happened, how life would have been different if she had met a man like William. He was so strong and loyal, gentle even.

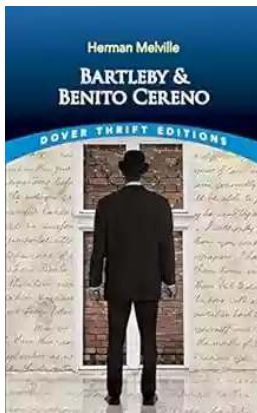

Cassy is slowly falling for her boss and even though there can never be a chance of them being together, she makes her move. The quiet man is more than he seems and as soon as he kisses her for the first time, Cassy knows that she is lost.

Then everything changes when she finds out she is pregnant with William's child. Will he stay and will she be able to trust him after losing all faith in love?

Secret Asian Billionaire Baby

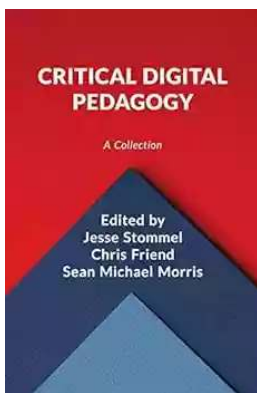

Tyler Oshiro made billions before he was thirty years old. On the outside he seemed to have it all, good looks, success, a career in a glamorous industry and a family who loved him. Unfortunately, he was missing the only thing in the world he really wanted and her name was Nicole. Tyler and Nicole came from different worlds but only live blocks apart. Tyler was raised by well-to-do and somewhat old-fashioned Japanese parents. His mother has always wanted to see him married to a Japanese girl and working with his father in the real estate business. Tyler has other plans for his life and when he gets the opportunity to fulfill those

plans he jumps at it, the only problem is, he is forced to leave Nicole behind. Nicole has been his best friend his entire life and he's been in love with her most of that time. He envisions a life with her and someday a family as soon as his career takes off, but suddenly without reason, she walks out of his life. Unable to reach her and broken hearted, Tyler buries himself in work that has lost its magic and it seems his mother will finally get the control of his life that she's been looking for all along.
