When Zion encounters Nexus his spirit guide in the dream state, he begins to wonder what reality truly is. Nexus reports of a negative group of entities that have infiltrated the minds and core of planet Earth. Syphoning energy from the inhabitants for their own fuel, manipulating their consciousness and planning to overrule the realm.

Zion begins to undertake missions, guided by his team of higher dimensional beings, aspiring to infuse white light and reprogram the negative frequencies taking over the planet. Upgrading his own frequency is vital in assisting the ascension of the whole world.

During his adventures he encounters a magical tree that opens portals through connecting with his heartbeat, and he discovers a library that possesses all the known informational data in the universe. Zion then lands on a majestic blue planet in a blue alien body and experiences flying on the back of a shape shifting magnificently powerful white dragon. All the while striving to infuse golden white light energy into the planet Earth and its inhabitants, to heal and break it free from the shadows that lurk within its depths.

This first instalment of a three-part trinity ends with Zion imprisoned in a holding cell unable to contact any of his guides, seemingly cast into hell for all of eternity.
