

Unlock the Secrets of Boat Building with Master Craftsman Morten Olesen

Are you someone who has always been fascinated with boats? Do you dream of one day building your own vessel and setting sail on the open sea? If so, then you are in luck! Renowned boat builder Morten Olesen is here to guide you through the incredible world of boat building in his comprehensive master course.

The Art of Boat Building

Boat building is an ancient craft that combines technical skill, precision, and a deep appreciation for the beauty and functionality of vessels. It is a seemingly magical process that transforms raw materials into a floating work of art. Morten Olesen, a master boat builder with over 30 years of experience, understands this art form like no one else.

First-time boat builder? Never fear! You are exactly the reason I created the Boat Building Master Course. In all my years as a boat builder and Naval Architect, I can't count how many times I've been asked how to build a boat. It's not complicated, but still, many doubt they'd be able to complete the task. Boat building does seem like a major undertaking. While the boat plans I sell offer far more instruction and clarity than most others, I wanted you to be absolutely sure you could do it. That's when I developed the Boat Building Master Course.

Everything you need to know is included in this impressive Boat Building Master Course. Written in everyday language (not techy jargon). It gives you complete knowledge of boat building from bow to stern including:

Easy-to-follow instructions, sketches and photos that cover every step of the process so you can actually see how it's done.

Insider tips and tricks I've discovered over my lifetime as a master boat builder and Naval Architect that will help you solve complicated problems the easy way!

And included in this exclusive version of the Master Course is 3 full sets of boat plans.

Here is what's included in this exclusive Boat Building Master Course:

Beginner's Guide to Boat Building

Boat building like our grandfathers did

Building your new boat

Building materials

Building places

Lofting Manual

Tools

The boat plans

Assembly Manual

Gluing the seams

Laminating Manual

Fillets at the chine and inside

Applying fiberglass tape

Fairing and epoxy coating

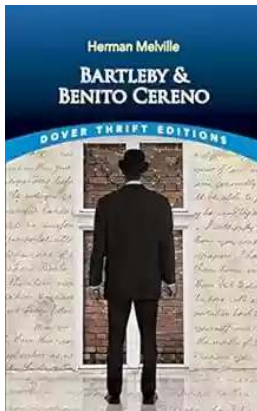

Epoxy Manual

Dispensing and Mixing
Adding Fillers and Additives
Bonding (gluing)
Final surface preparation and coating

And a lot more topics to help you get the boat built right...

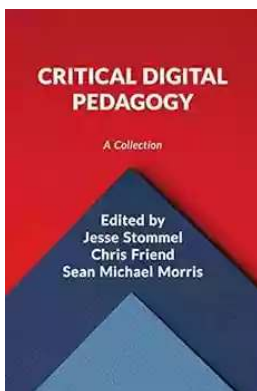

Happy boat building,

Master boat builder and Naval Architect Morten Olesen
